F. D. FORECASTS NEW TAXES

L. & A. Conductor Is Found Unconscious in Yards

G. L. Nesbett, of Minden, Believed Fallen From Car

Local Hospital Fears Railroad Sustained Fracture of Skull

STILL UNCONSCIOUS

Freight Conductor May Have Fallen From Caboose on Side-Track

G. L. Nesbett, about 50, Louisiana & Arkansas Railway freight conductor, was found unconscious in the L. & A. railroad yards here at 11:30 a. m. Tuesday and was removed to Josephine hospital where physicians said he possibly was suffering from a skull fracture.

Nesbett sustained an injury over the left eye and was bleeding at the nose and mouth. He was still unconscious early in the afternoon.

Railway officials were conducting an investigation to determine the cause of Nesbett's injuries. He was found at the rear of a caboose which had been switched to a side track.

Officials expressed belief that Nesbett apparently had fallen from the steps of the caboose and had struck his head on a rock. The caboose was not connected with other cars.

Nesbett's home is at Minden, La. He was in charge of an L. & A. freight which arrived in Hope Monday night. Railroad officials said they had not learned who fired (discovered Nesbett) at the rear of the caboose.

B. & P. W. State Convention Friday

Annual Program at Arlington, Hot Springs, to Run Through Sunday

The Arkansas Federation of Business and Professional Women's Clubs, with which the local Business and Professional Women's Club is affiliated, will open its 19th annual convention at the Arlington hotel in Hot Springs, Friday, April 23, at 10 o'clock.

Friday, April 23, the theme of which is "Building Together." Principal speaker at the convention will be Miss Charles Ormond Williams, Washington, D. C., president of the national federation, who will talk on "Growing Up With Our Job."

The convention program includes besides the regular business sessions, a panel discussion on "Trends in Government" to be led at Friday's international dinner by three prominent men of Little Rock: Dr. Francis S. Guy, professor of history, St. John's Seminary, Little Rock; Dr. Granville Davis, professor of history, Little Rock Junior College; Dr. Joseph B. Hunter, pastor, Pulaski Heights Christian Church, Little Rock; and, on Saturday, before the convention body, a review by Miss Lila Ashby, Little Rock, of the findings of the forum conducted in March 1936 by the New York Tribune on "Youth and Crime, Today."

The programs for the lunches, dinners and breakfast during the period of the convention are all planned to be instructive as well as entertaining. A tea and open house at the home of the convention chairman, Mrs. J. G. Blawie, in Hot Springs, Saturday afternoon from 4 until 6 o'clock, will honor Miss Williams, the national president, whose address is scheduled for that evening at the banquet.

British Income Tax Is Hiked for Arms

Already High Levy Increased an Additional 2 1/2 Per Cent Tuesday

LONDON, Eng.—(AP)—Chancellor of the Exchequer Neville Chamberlain told the House of Commons Tuesday that British income taxes will be increased 2 1/2 per cent to pay the nation's rearmament bill, which eventually will amount to 7 1/2 billion dollars.

The only antimony smelter in the United States is at Laredo, Texas.

A THOUGHT

Let thy servants be such as thou mayest command, and entertain none about thee but those to whom thou givest wages.—Sir Walter Raleigh.

Turned Brown
By Brown Turner

LONGVIEW, Texas.—If they keep on building automobile trailers in this country like they've started there won't be enough scraps left to build houses by the time the beer season's over. But some of these rolling apartments have about everything the home has, including a cat and a mortgage. First thing you know, though, some member of the legislature is going to look them over and find a new field for taxes, since a lot of guys are beginning to realize there's no better smoke than a cub pipe. Looks like Aimee's dividing her time between the pulpit and witness chair these days.

Judge Bush Is to Try Spa's Police

Martin vs. Franklin Civil Action Put Off Here Until April 28

Judge Dexter Bush Tuesday postponed the \$150,000 damage suit brought by Mrs. Ruby Martin and Joe Martin against R. D. Franklin of Hope, the International Shoe Co., and Friedman-Shelby, branch of the International Shoe Co., until Wednesday, April 28.

Mrs. Martin is seeking \$100,000 and Joe Martin, her husband, is asking \$50,000 for alleged injuries suffered by Mrs. Martin when she was struck by an automobile driven by Franklin on the Hope-Rosston highway last October.

Judge Bush told the court he was scheduled to sit on the bench at Hot Springs Wednesday in the place of Circuit Judge Witt to hear the trials of several Hot Springs policemen under indictment in connection with the death of John Dickson, who died several months ago from alleged injuries sustained while a prisoner in the Hot Springs jail.

Judge Bush expressed belief the case in Hempstead court would detain him, postponing the suit until next week. The Martins, who are pressing the suit against Franklin and the shoe company, live in Nevada county.

Before recessing court until next week, Judge Bush gave Lester and William Gaines a two-year suspended sentence on charges of stealing cattle.

The suspended sentence for the two men was recommended in a letter to Judge Bush from the owner of the cattle, Claude Bradley.

Hempstead Given A. U. Quota of 24

Judge Rider Authorized to Make University Appointments

Twenty-four Hempstead county students have the opportunity of taking four years at the University of Arkansas with free tuition, County Judge Frank Rider said Tuesday. His complete statement follows:

"I am pleased to announce to the young men and women of Hempstead county that I am authorized to appoint 24 students as beneficiaries in the University of Arkansas at Fayetteville. These appointments entitle the holder to free tuition for four years. Only those who have been bona fide residents of the State of Arkansas for one year previous to entering the University are entitled to these appointments."

"The University is a state supported institution maintained by the taxpayers of Arkansas for the benefit of the young people of the state. In addition to the usual literary and classical courses offered in colleges, it comprises as a part of its organization, the state college of agriculture and engineering, and is the only institution in the state giving complete college courses and degrees in these important industrial subjects. It also has complete courses in law and business administration."

"The University has also a College of Education whose graduates receive diplomas entitling them to teach in the public schools for life."

"For the young ladies there are complete courses in domestic science and art."

"For admission to the University, graduation from an accredited high school or its equivalent is required. Complete information about entrance requirements, courses of study, expenses, etc., may be obtained by addressing the Registrar of the University at Fayetteville."

A white leghorn hen, owned by a Marysville, Kas., farmer, recently laid an egg with the numeral "12" plainly inscribed on the shell.

Clark Gable Denies Woman Had Child by Him Long Ago

Great Screen Lover No. 1 Witness in Federal Mail Fraud Trial

GO BACK 13 YEARS

Mrs. Violet Norton Claims Daughter From Romance in England

LOS ANGELES, Calif.—(AP)—Clark Gable swapped his makeup box for the witness chair Tuesday to deny under solemn oath that he is a father.

The screen lover became witness No. 1 in the mail fraud trial of Mrs. Violet Wells Norton, whose attempt to establish the paternity of her 13-year-old daughter resulted in her arrest last January.

The government charges that Mrs. Norton wrote Gable for money in recent years on the plea that he "wood and won" her in England in 1922-23.

Oshawa Strikers Agree to Parley

Proposal Accepted by Gen'l Motors and UAW—But Men Reject It

OSHAWA, Ontario, Canada.—(AP)—The General Motors Company of Canada agreed Tuesday to resume negotiations with a committee of its 3,700 striking employees Tuesday afternoon.

First Terms Rejected
OSHAWA, Canada.—(AP)—General Motors strikers Monday night rejected a peace proposal previously approved by the company and the United Automobile Workers of America. The rejection was unanimous.

"You are being duped, you're being fooled, you're being hoodwinked," Alex Hall, dapper little mayor of Oshawa, shouted at the strikers at an uproarious mass meeting after they had refused a pay raise and cut in working hours if only they gave up their demand for union recognition.

"Sooner or later you're going to know I'm right and I'm going to help you then," the mayor added, tears in his eyes and his voice quivering.

Hugh Thompson, U. A. W. A. organizer in charge of the strike, congratulated the men for holding out.

"You still are solid with one thing in mind—to get the things you want out after—and as long as you keep that spirit nothing can beat you," he said. "This strike will only be settled when General Motors sits down and talks to your committee. No matter who sticks his finger in the pie, this strike will not be settled until the company does just that."

MIND Your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Is it necessary for a girl to give her fiancé an engagement present?

2. Is it customary to send out engraved announcements of an engagement?

3. Is it correct for a member of a bride's family to telephone the newspapers announcing an engagement?

4. Should one send photographs of the bride to the newspapers?

5. Is it quite all right for a man to consult his fiancée's tastes before he chooses her engagement ring?

What would you do—
About marking your linen and silver if you were a bride of the near future and your name is Mary Ann Smith and your fiancé is Richard Henry Price? Mark it—
(a) M. A. S?
(b) M. S. P?
(c) R. H. P?

Answers
1. No, but she may if she wishes.
2. No.
3. Yes. Reporters will ask for further information if they want it.
4. Not unless requested by the paper.
5. It is a wise idea, although not necessary.

Best "What Would You Do?" solution—that is still correct, but it is becoming more widely used.

(Copyright 1937, NEA Service, Inc.)

Here They Come---and There They Go! It's Barn Dance Night for the Youngsters at Hope High School Gym

Hey-Hey for Calico and Overalls—
Last Friday night the students of the tenth, eleventh and twelfth grades held a barn dance in Hope High School gymnasium under faculty supervision. There was a rustic string-band, a background of baled hay—and all the folks wore calico and overalls or what-have-you. Prizes were offered for the best cake-walkers, and for the most originally-dressed boys and girls. . . . Here you see the cake-walkers coming down the floor. Nell Williams and Olin Jones at the extreme right in the front row, won first place in the cake-walk.

Left to Right: Ernest Ridgill (with guitar), Evelyn Briant and Foster Finley (front row dancers); Arthur Barr and Mary Evelyn Whitworth (second row dancers); Nell Williams and Olin Jones (front row dancers).

It Looks Like an Argument—
Here are some of the prize-winners talking it over. Nell Williams and Ralph Hill (sorry Mr. Hill is missing from the picture) took first place as the most originally dressed boys and girls. Arthur Barr was a close second to Hill. The gentleman on the extreme right seems to be a Hope Star carrier, R. W. Muldrow.

Left to Right: Arthur Barr, Nell Williams, Frank Shiver, Ernest Ridgill, Janet Lemley, R. W. Muldrow.

Mr. Stone, and His Blanket—
At the end of the football season last fall Freeman Stone, Hope's all-state tackle, was voted the Bobcats' most valuable player. The award is a fine blanket. It was purchased by popular subscription—but all the names of the donors had to be sewn on the blanket. The girls just got through sewing last week. What a dictionary of names that blanket is! Frank Shiver, lifting his lantern to look at them, is aghast. Mr. Stone is poker-faced. The girls are amused.

Left to Right: William Robertson (scratching his head), Frank Shiver (holding lantern), Foster Finley (background), Wilburn Caudle (background), Freeman Stone (with blanket), Martha Waddle (background), Marjorie Moses (front row with Stone and blanket), Johnny Wilson (background), Frances Harper (front row with Stone and blanket), Daisy Dorothy Heard (background), Margaret Bacon (background), and Mary Nell Carter (extreme right in front row).

Are to Be Levied If They're Needed to Balance Budget

Government Now Facing Deficit of 418 Millions for 1937-38

MUST BALANCE IT

Roosevelt Indicates There Will Be Considerable Retrenchment

WASHINGTON.—(AP)—President Roosevelt asked congress for 1 1/2 billion dollars for next year's relief burden Tuesday in a message projecting the possibility of new taxes at the next session.

His special message of relief needs during the twelve months beginning July 1 foresaw the following:
A Treasury deficit on June 30 of 2 billion 537 million dollars, by 300 million over the January estimate; and a deficit in the 1938 fiscal period ending June 30, 1938, of 418 millions.

"I propose to use every means at my command to eliminate this deficit during the coming fiscal year," the president said.

Urging economy, he said he expected to do this by withholding from the appropriation for expenditure so far as practicable a "substantial percentage" of funds available for 1938, and by increasing receipts through the liquidation of assets of certain emergency agencies.

Discussing taxes, the president said it had become apparent there is "an immediate need for a careful survey of the present tax structure."

The Treasury told congress that \$80,498,937 had been allocated to Arkansas from the 1935-36 emergency relief act funds as of last March 31, and that nearly \$11,000,000 was as yet unexpended by the government.

2 Nevada Youths Held for Thefts

Clarence Rogers and Curtis Karber Accused by Hempstead Farmers

Clarence Rogers, 21, and Curtis Karber, 19, Nevada county youths, were held in jail here Tuesday charged with the theft of several articles from H. B. Sanford, Jr. and Clint Martin, Hempstead county farmers.

The two youths were arrested at their homes in southern Nevada county by Deputy Sheriff Reginald Bear-den, Policeman Hugh Bearden of Hope, and Sheriff Brad Bright of Prescott.

Jim Karber, brother of Curtis, escaped when officers approached the Karber home.

Articles stolen included automobile tires, wheels, hubs, wrenches, license plates, gasoline and several gallons of paint. They will probably be given a hearing in municipal court at Hope next Monday.

Mrs. McGehee Is Buried on Sunday

Funeral Is Held Here for Sister-in-Law of W. M. Brummett

Funeral services for Mrs. E. S. McGehee of Tule, Texas, was held at 3 p. m. Sunday from First Methodist church of Hope with the pastor, the Rev. Fred R. Harrison, in charge. Burial was in Rose Hill cemetery.

Mrs. McGehee was a sister-in-law of W. M. Brummett of Hope, and was formerly a resident of this city.

Surviving are her husband, one daughter, Mrs. Margie Stencil of Norwood, Pa.; one son, Floyd McGehee of Tule, Texas; four sisters, Mrs. George Cook of Anna, Ill.; Mrs. T. A. Logsdon of East St. Louis, Ill.; Mrs. Charles Moore and Mrs. Leonard Winterberg of Junction, Ill.

Favors Six Meals a Day
CHICAGO.—(AP)—It is better for the system to eat five or six small meals daily than the customary three large ones, says Dr. Howard W. Haggard, associate professor of applied psychology at Yale University.

Dr. Haggard told an audience here several small meals during the day would not interfere with mental activity nearly as much as the regulation American breakfast, lunch and supper.

Roses for the making of perfumes are grown extensively in Arkansas.

Cotton

NEW ORLEANS.—(AP)—Cotton closed steady Monday with net advances of from 10 to 15 points. May opened at 13.12 and closed at 13.21-23.

Spot cotton closed steady 13 points up, middling 13.63.

Definition: "The newspaper is an institution developed by modern civilization to present the news of the day, to foster commerce and industry, through widely circulated advertisements, and to furnish that check upon government which no constitution has ever been able to provide."—Col. R. B. McCormick.

Subscription Rate (Always Payable in Advance): By city carrier, per week 15c; per month 55c; one year \$6.50. By mail, in Hempstead, Nevada, Howard, Miller and LaFayette counties, \$3.50 per year; elsewhere \$5.50.

Member of The Associated Press: The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or to otherwise credited in this paper and also the local news published herein.

Charges on Tributes, Etc.: Charges will be made for all tributes, cards of thanks, resolution, or memorials, concerning the departed. Commercial newspapers hold to this policy in the news columns to protect their readers from a deluge of space-taking memorials. The Star disclaims responsibility for the safe-keeping or return of any unsolicited manuscripts.

Tyranny 'Can't Happen Here?' Ask Mr. Gedeon!

THIS IS commonly supposed to be a free country, with Constitution and courts to protect the citizens from tyranny and injustice. Most of the time it really works out that way, too—but may the Lord help the innocent citizen who happens to get in the way of the cops when they are floundering around trying to solve a sensational murder case.

For Exhibit A, you are invited to look upon Joseph Gedeon, the New York upholsterer whose wife and daughter were recently murdered.

This murder had the coppers stumped. Being stumped, they did what coppers usually do—fell back on the old game of laying hands on the nearest suspect and trying to put the heat on him until he confessed. It was Gedeon's hard luck that the police cast him in the role of likely suspect.

X X X

OBSERVE, now, what happened. Here was a man against whom no murder charge was formally placed; a man who was guaranteed protection under our laws. What he actually got was a deal so raw it would bring blushes to the cheeks of Ogpu or Gestapo.

From the house-tops, the police announced that this man was an unspeakable monster. By the broadest and most unmistakable implications, they declared that he would presently be proven guilty of having slain his wife and daughter. They announced that he was given to vicious practices in his private life; they rolled their eyes over the fact that he had nude pictures on the walls of his bedroom; they named his various girl friends and declared they would put these young women on the grill as soon as they could find them.

As if this were not enough, the yellow journals of New York joined in the hue and cry. Given their cue by police, they tore Gedeon to tatters—not forgetting to take an occasional swipe at his dead wife and daughter, also. The murdered daughter had been a model; so the city's tabloids had a field day with photographs that the old Police Gazette would have turned down.

It must be said that the out-of-town papers and the press associations behaved with restraint. They did not certify the upholsterer's guilt, nor did they compel their readers to look on the kind of pictures that are usually reserved for the back room of a one-chair barber shop. But in New York the sky was the limit.

This went on for a week or more. And then what happened? Gedeon was turned loose, and all talk about his "guilt" was forgotten. Instead, the police announced positively that the solution of the crime would lie elsewhere; a young sculptor would be shown to have committed the crimes, and, just as soon as they could catch up with him, the case would be closed.

X X X

NOW the point of all this is that these enthusiastically blundering coppers managed to put their big feet on the constitutionally-guaranteed rights of this man Gedeon in a way that the worst dictatorship could not surpass. Aided by yellow journalism, they tore his reputation to tatters. And he has no recourse, no redress.

Keep the CCC

IF CONGRESS follows the advice of President Roosevelt, the Civilian Conservation Corps will soon be made a permanent adjunct of our government. Mr. Roosevelt has recommended that its enrollment be set at 300,000 and that it be continued as a regular fixture.

Aside from the fact that it is pretty expensive—and what are expenses, in this enlightened age?—this move doubtless will win widespread approval; for the CCC is one organization that has amply proved its usefulness in the last few years.

It has been a fine thing for the young enrollees, and it has done a great deal of highly valuable work. If any of our "emergency" institutions deserve to be permanent, the CCC must certainly head the list.

The Family Doctor

By DR. MORRIS FISHBEEIN
Editor, Journal of the American Medical Association, and of
Hygiene, the Health Magazine.

Victims of Chronic Bronchitis, Usually Men, Cough Constantly

(No. 192)

A victim of chronic bronchitis is likely to cough constantly, particularly during the night, when he is lying down. He coughs because the mucus which forms as a result of irritation in his bronchial tubes tends to accumulate and interfere with breathing.

Chronic infections of the bronchial tubes are common in certain occupations in which a great deal of dust or fumes may be inhaled. The condition is likely to be associated not infrequently with repeated irritations of the bronchial tubes from smoking cigars or cigarettes. Some persons are excessively sensitive to weather conditions such as fog and damp, and thus develop irritation of the lungs.

Chronic bronchitis is more common in men than in women, usually appearing after middle age.

There does not seem to be any special germ associated with the condition but, when mucous material from the tubes is examined, a mixture of various germs is most frequently found.

Usually the person who has chronic bronchitis may remember that for a good many winters he has had a cough and some trouble with his lungs, and that at first it lasted just a short time. Later, however, the condition seemed

to come on with the first cold spell and last all winter. Eventually, of course, when the lungs are sufficiently damaged, the coughing continues all year round.

As a result of this continuous coughing, the victim of chronic bronchitis tends to develop a chest that is barrel-shaped and large at the base. He is likely also to be a thick-necked, rather heavy person.

He coughs frequently, sometimes producing a great deal of mucous material. Because of his chest trouble, he wheezes with the slightest exertion.

Sometimes the mucous material from the lungs will be found to be stained by carbon. If the person lives in a smoky atmosphere, if a secondary infection is present with the bronchitis, the mucous material sometimes will be stained with infectious material, and, accordingly, be yellow or green.

As a result of difficulty in sleeping, the person usually is tired and depressed. If there is much absorption, he may be somewhat toxic.

Because of the constant coughing and difficulty in breathing, changes take place in the lungs whereby almost constantly they are particularly distended with air. This causes more difficulty with breathing and the heart

A Comparatively Merry Old Soul

action because it is impossible to get a proper amount of oxygen into the blood.

A Book a Day

By Bruce Catton

Here's an Engrossing Picture of an Era.

"The Old Bunch," by Meyer Levin (Viking, \$3), has been, for this reviewer, at least one of the most engrossing books of the season. Here is a book possessing such power, such terrific vitality, that one can honestly say, "I could scarcely put it down until I'd finished." And bear in mind that the novel is 964 pages long.

Arriving in Seattle, will in search of Betty. Martha is abducted by Speddon, who proves to be an agent for JOSEPH CIZNIK, underworld character. Eventually Martha and herself about Ciznik's ship. Then it is that she learns she and Betty have been the innocent victims of a gigantic dope ring, whose leaders wanted to try out a new trailer as a mobile conveyer and used the girls to make the test.

Ciznik offers to take Martha into the ring, threatening death if she refuses. But Martha is adamant. Angered at this defiance, Ciznik is about to punish her when a terrific detonation rocks the ship. In the excitement, Martha escapes from Ciznik's cabin and finds Betty. They learn that the coast guard is chasing Ciznik's ship. For a moment they think they are to be rescued and then Speddon reappears and locks them up once more in Ciznik's cabin, under guard of the Oriental. Suddenly, it means death. A second crash rocks the boat and in that second, Ciznik enters the cabin, aims a revolver at the girls. The sound of a shot things hideously against the steel plating.

NOW GO ON WITH THE STORY CHAPTER XXIV

MARTHA screamed, opened her eyes again. But it was not Ciznik who had fired. His revolver clattered to the floor, and he stood there clutching his right wrist and rocking with the sudden pain. Suddenly the room was filled with men, all struggling around Ciznik and Ling.

A young coast guard officer shoved through the mob. "Take them aboard," he ordered, and came toward the two women. "Are you all right?"

"Y-yes," said Martha weakly. "I'm Lieutenant Howison. We didn't know you girls were aboard here or we wouldn't have got so rough out there." Quickly he loosened the rope which Ling had bound them. "We'll take care of you. There's a doctor aboard."

Howison's men made fast work of sending Ciznik and the Oriental along the passageway. With the officer between them, Martha and Betty followed, both glad for his firm assistance.

On deck the confusion had subsided. Ciznik's men were meekly transferring to the coast guard. An officer and crew were making ready to take over the smuggling ship. Suddenly Martha stopped dead still, her face growing paler than before.

"What's wrong?" Howison asked.

She rubbed a trembling hand over her damp forehead. "Nothing. I'm all right now."

She had seen Gerry Neal. Un-

"The Old Bunch," although it is principally the saga of a dozen Jewish boys and girls brought up in the same Chicago neighborhood, leaves untouched nothing which happened in the world from 1911 to 1934. The odyssey of every class of society, from top to bottom, in those years is told here with veracity, penetration, and flexibility.

From Chicago, its slums, its suburbs, its universities, to Paris, to Palestine, to Greece, to Greenland Village, to Poland and back to Chicago for the Century of Progress runs the book, speaking with the voice of all the people.

The people described in this book are more than just a group of Jewish youths in Chicago. They are, in the truest sense of the word, "all-American." In them you will recognize your-

self and your old gang. That these people happened to grow up in Chicago is coincidental. Others like them could be found at the same time everywhere from New York to Kankakee . . . and turned out much the same. For a picture of an era and the kind of people it produced, this book is hard to beat. As entertainment, it is unsurpassed.—E. M. T.

Parker May Coach

MEXICO CITY—Ace Parker, former Duke University football star and rookie outfielder with the Philadelphia Athletics who trained here, may be hired to help coach the University of Mexico football team.

Your Children

By Olive Roberts Barton

Parents Rather Than Schools Responsible for Vandal Pupil

When Tommy is at home he must obey his mother and father.

At school there is his teacher with almost complete dictatorial power.

On the street, or at the neighbor's, certain rules bind him, the extensions of home government, so to say. But with no one actually on the spot to insist on good behavior, he is likely to throw off the ties of government and become—just Tommy.

Household with property adjoining the schoolhouse are likely to encounter plain to school authorities when their lawns are trampled or their walks paper-strewn. They figure that most of the papers are school papers, and that the thoughtless vandals must come under the jurisdiction of the teachers and principal. This is not the case, however. The child is responsible to his parents and to the city authorities unless he is on school property.

Schools May Only Persuade Frequently the powers in the school building undertake persuasion of their charges, beyond the bounds of the building, because they feel that it reflects on their discipline if the children, as soon as released, forget their manners.

Yet all they can do is discourage or advise. Actually there is little they can do about vandalism on the part of any pupil. They may appeal to honor and civic spirit and decency, warn the children to be quiet because of the very sick man down the block, but

here their authority ends. In former days, I got an occasional note from mothers, asking me to see that Johnny or Sue went straight home from school.

I would always speak to the child, but that was the best I could do. On the street, except on the school pavement, I was as powerless as any passing pedestrian.

The behavior of the child off his own territory is up to the parents, always. If it exceeds the boundaries of civic law, the policeman may step in and have a say-so. If it is serious enough to go before a justice, the parents must appear and answer for the young offender. The school is out of it, not only from a standpoint of law and order, but morally.

Must Keep Within Bounds

The child should be able to deport himself within bounds wherever he goes. It is his parents' responsibility to see that he does not throw papers, chalk sidewalk, spoil flower beds or track mud up private walks; his parents' responsibility that he confine his noise to reasonable evidences.

It is spring. Indignant house-holders are almost ready to seize the shotgun in many cases, sometimes without much cause, again with plenty of grievance. So it is best for us to warn our children, and to think of these people along the school route, as having the same interest in their infant property, as we have in our own.

HOLLYWOOD

By Paul Harrison

Filmland Holds Its Own Coronation!

HOLLYWOOD—The picture colony has been watching a preview of a coronation. For three days now, out at the studio of Selznick International, Ronald Colman has been accepting again and again the throne and crown of a king. And all for "The Prisoner of Zenda."

It's very flashy and impressive, the set a great hall full of white pillars, gold hangings, and red plush. Also it is peopled with ladies-in-waiting, countesses, and such, bewiskered gentlemen, generals, churchmen, foreign ambassadors, and men-at-arms—all done up in such brilliant costumes that you momentarily expect them to burst into some lusty ditty by Friml.

This is perhaps the least authentic sequence ever filmed in Hollywood. The studio spared no pains or research to make it so. The uniforms are unlike those worn in any army; the coronation ceremonies follow no established formula for king-making; the brilliant robes of the churchmen are like nothing ever seen on the dignitaries of any religion.

Reason for all this, of course, is that David Selznick doesn't want his pic-

ture banned by any of the hyper-sensitive foreign countries. And he is especially anxious to avoid all suspicion that he may be trying to make capital of the British coronation.

Certainly his cast is full of Britishers—Mr. Colman and Madeleine Carroll, the stars; C. Aubrey Smith, Raymond Massey, and David Niven in the supporting cast. The latter's canvas chair is labeled "Lord David Niven of Culver," but he takes the ribbing graciously.

The Cinema Troop

You can find almost any nationality among the extras, some of whom were well known in their pre-Hollywood days. There are George Blagoi, one-time lieutenant-commander of the Imperial Russian fleet; Wladislaw Savitsky, former Russian general, and a wide assortment of colonels.

A Swedish colonel is technical adviser on the picture, and an Austrian captain, Richard von Opel, is organizer and boss of a company of strapping young men known as the Cinema Troop.

Von Opel, former drillmaster, has taught them the manual of arms and

Prince Gives Up Purple for Wife

Because he demanded high social status for his wife, Mrs. Jana Lucia Delet, left, Prince Nicholas of Rumania, right, was stripped of his royal status and faced deportation. He had demanded that his lovely dimpled commoner wife and his son, be recognized as members of the royal family.

close-order drill in every walk, almost every language. Also cavalry drills they're expert riders.

Studios hire the troop as a unit, but the men are subject only to the orders of Captain von Opel. They're always under strict military discipline, don't associate with the other extras, and march in and out of the studio, and to lunch, by the tough little captain.

One extra playing the role of a diplomat in "The Prisoner of Zenda" is Paul Jimenez, retired captain of the homicide squad of the New York City police force. This is a particularly fine bit of irony, there being nobody I can recall who is further removed from the suave throat-cuttings of international statesmanship than a cop on a homicide squad.

Real Count, Too

Captain of the guards is a handsome ex-boxer, casually of 1929. While idle on the set, he still reads the stock market reports, but declares he now wants to be an actor.

Between scenes, too, you can see the most resplendent of all the dignified ambassadors rolling his own cigarettes. And austere churchmen poring over racing forms.

A real count whose name is something like "Richard" confides that he wouldn't be an extra very long, he expects soon to be restored to the favor of his wife, "who is very rich."

Most popular person on the set is a lady-in-waiting, Margaret Tallichet. The way all the males flock around her must be a gratifying promise of future screen popularity.

When she came here from Dallas, Texas, to try to act in pictures, a secretary's job in the Paramount publicity department was the best she could do for a year.

Then Carole Lombard saw her and asked August Zeppo Marx to try to get her a screen test. He did, and Miss Tallichet won a contract with Selznick. Perhaps prophetically, her first role was a small part in "A Star Is Born." Soon the studio is sending her to New York for a course in dramatics.

Grand Entrance

Douglas Fairbanks, Jr., has one of the principal roles in "The Prisoner of Zenda" and his father drops around now and then with Mrs. Fairbanks.

They were on the set the other afternoon when Madeleine Carroll, the picture's Princess Flavia, entered in her court gown of satin and ermine. The former Lady Sylvia Ashley dropped in a deep curtsy. The princess extended a hand. Mrs. Fairbanks rose and exclaimed, "Darling! You look swell!"

Don't Sleep on Left Side, Crowds Heart

GAS PRESSURE MAY CAUSE DISCOMFORT. RIGHT SIDE BEST.

If you toss in bed and can't sleep on right side, try Adlerika. Just ONE dose relieves stomach GAS, pressing on heart so you sleep soundly. Adlerika acts on BOTH upper and lower bowels and brings out the matter you would never believe was in your system. This old matter may have poisoned you for months and caused GAS, sour stomach, headache or nervousness.

Dr. H. L. Stubb, New York, reports: "In addition to intestinal cleansing, Adlerika greatly reduces bacteria and colon bacilli." Mrs. J. S. Miller: "Gas on my stomach was so bad I could not eat or sleep. Even my heart seemed to hurt. The first dose of Adlerika brought me relief. Now I eat as I wish, sleep fine and never feel better."

Give your bowels a REAL cleansing with Adlerika and see how good you feel. Just ONE dose relieves GAS and constipation.

What does he plant who plants a tree?
He plants a friend of sun and sky;
He plants the flag of breezes free;
The shaft of beauty towering high;
He plants a home to heaven anigh
For song and mother-croon of bird
In hushed and happy twilight heard—
The treble of heaven's harmony—
These things he plants who plants a tree.

What does he plant who plants a tree?
He plants in sap and leaf and wood,
In love of home and loyalty
And far-est thought of civic good—
His blessings on the neighborhood
Who in the hollow of His hand
Holds all the growth of all our land—
A nation's growth from sea to sea
Stirs in his heart who plants a tree.
—Selected.

The Bay View Reading Club will meet at 3 o'clock Wednesday afternoon at the home of Mrs. W. F. Saner on North Hervey street, with Mrs. T. R. Billingsley as co-hostess. Mrs. D. B. Thompson will lead the program.

Mr. and Mrs. Boyd Van Eaton and Mr. and Mrs. Philip Foster were weekend guests of friends in Pine Bluff.

Mr. and Mrs. Jewell Moore attended the funeral services for Clarence Gordon Jr., in Prescott on Monday. Mr. Gordon was fatally injured in an automobile accident on the streets of Prescott Saturday night.

Circle No. 2 of the W. M. U., First Baptist church, held its regular monthly meeting at 2:30 Monday afternoon at the home of Mrs. Emmet Whitten, with Mrs. Foster Wiggins as co-hostess. Mrs. Whitten, chairman, conducted the business period, and a most interesting and inspiring Bible study was conducted by Mrs. Gus Haynes. Fourteen members responded to the roll call and one new member was enrolled and two visitors were present. Miss Margaret Waddle gave a report on the recent G. A. House party recently held in Conway. During the social hour, delightful refreshments were served.

Hosea Garrett of Camden was a Monday business visitor in the city.

Blond Batoner Beach-Basking

You can say what you like, but Ina Ray Hutton, the blond bombshell whose buoyant band batoning set a new high in sultry serenades, has something even when she isn't sheathed in shimmering satin on her orchestra-leading stage tours. This picture of her vacationing in Miami proves it.

"I want a shave," said the sergeant as he climbed into the barber's chair. "No haircut, no shampoo, no rum, witch hazel, hair tonic, hot towels, or face massage. I don't want the manicurist to work on me, nor the boot-black to handle my feet. I don't want to be brushed down, and I'll put on my coat myself. I just want a plain shave, with no trimmings. Understand that?"

"Yes, sir," said the barber quietly. "Lather, sir?"—Army and Navy Journal.

Nashville Wins Literary Tourney

Captures District Ten Contest for Third Consecutive Year

NASHVILLE, Ark.—Nashville high school representatives again made a clean sweep of the District Ten literary meet at Texarkana last week-end, winning both the senior and junior division sweepstakes.

This marks the third successive time Nashville has walked away with the honors in both divisions of the district meet, and the trophy case at the high school here is literally bulging with the cups won by local contestants. Three beautiful cups were added to the case through the triumphs of the meet just held—the two sweepstakes cups and the quartet cup. Ribbons and badges were awarded winners in the other contests.

The Nashville entries scored a total of 49 1/2 points in the senior and 24 in the junior division.

Right on the heels of the Nashville school was the Texarkana seniors with a total of 46 points. Magnolia won third place with 34 1/2 points, while Ashdown took fourth in the senior class with a total of 27.

In the junior division, the race for first honors was even closer, with Nashville taking first place with 24 points, and Magnolia second place with 23 points. Texarkana was third with 15, and Ashdown fourth, with 11.

AT THE THEATERS

At the Saenger

Perhaps the most unique blending of swiftly poetic romance and heart-wrenching drama ever attained on the screen is featured in "Winter Set," the film of Maxwell Anderson's stage triumph showing at the Saenger Wednesday night.

Combining its inherently dramatic theme of a young man, who while seeking to vindicate his father's memory, is involved in an unexpected romance that nearly defeats his grim purpose. "Winter Set" marks a radically new departure in motion picture treatment of these elements. The motivating background of an innocent man's being sent to death in the electric chair is vividly presented in the opening scenes.

Thereafter, practically all the action occurs under the shadow of the Brooklyn Bridge. Drawn by their various destinies into this environment, the various characters meet and swiftly expedite the story's complications, with tremendous climaxes overlapping each other.

Burgess Meredith and Margo portray the stirring lover roles under Alfred

FLAPPER FANNY

Santelli's direction. Supporting them are such stage and screen celebrities as John Carradine, Eduardo Ciannelli, Edward Ellis, Paul Guilfoyle, Maurice Moscovitch, Helen Jerome Eddy, Murray Kinnell and Stanley Ridges.

At the New
In the new Metro-Goldwyn-Mayer picture, "The Band Plays On," which opens Tuesday at the New theater, a select group of up-and-coming young screen players go "strictly collegiate" for the theater public.

The swift-moving story reveals the trials and tribulations of college life, its romantic interludes, its lighter moods and its spirit of youth.

The romance is supplied by Robert Young, who has been climbing steadily toward stardom for three years, and Betty Furness, who makes her first appearance as a Metro-Goldwyn-Mayer leading lady in "The Band Plays On."

Leo Carrillo, who scored so successfully in "Viva Villa," again gives his delightful Latin accent another airing in the new picture as Angelo, the campus tailor, who becomes the pal and confidante of the college students.

Ted Healy steps forth in a new and different characterization as the 'heavy'

who walks through life on the shady side of the street.

Also, there are Stuart Erwin, also remembered for his work as the war correspondent in "Viva Villa" who plays the role of Mike; Russell Hardie, who has been seen in such notable pictures as "Men in White" and "Operator 13"; Preston Foster, who also makes his first appearance under the M-G-M banner as the football coach, Howdy; and Robert Livingston and William Tannen, two newcomers to the screen who recently graduated from the M-G-M laboratory school.

Russell Mack, remembered for his direction of the football classics, "The Spirit of Notre Dame" and "All American," directed the new picture.

Convincing

Brandt—"Hello."
Sweet Young Thing—"I beg pardon! You have made a mistake."
Brandt—"Aren't you the little girl I kissed at the party last night?"
Sweet Young Thing—"Must have been sister. She's sick."

CLUB NOTES

Rocky Mound
The Rocky Mound 4-H club met Thursday April 8 with their county agents and 11 members present. After a short program rendered by the members, Miss Bullington graded the dish towels as follows: Orene Anderson, first; Josephine Humphries, second; Marjorie Anderson, third. The members were informed by the agents that the annual 4-H club rally would be held at the Experiment Farm April 24th. Our club members are hoping that this will be the best rally that we have ever attended.

Shover Springs
Shover Springs Home Demonstration club met at the home of Mrs. Olon Cushing April 15, with six members present and three new members added to the roll. The meeting was opened by a song "My Bonnie," after which the club woman's creed was repeated by all. Mrs. Olon Cushing gave an interesting talk on treatment of Windows. Mrs. H. C. Collier read an interesting paper on government and taxation. New officers were elected. They are as follows: Mrs. Olon Cushing, president; Mrs. E. Aaron, vice president; Mrs. H. C. Collier, secretary; and Mrs. S. R. England, reporter. Miss Melva Bullington announced the county meeting at the city hall, April 29, with a tour of inspection in the afternoon. The next meeting will be with Mrs. H. C. Collier May 20.

Legal Notice
COMMISSIONER'S SALE

NOTICE IS HEREBY GIVEN, That in pursuance of the authority and directions contained in the decretal order of the Chancery Court of Hempstead County, made and entered on the 16th day of April, A. D. 1937 in a certain cause (No. 481) then pending therein between Florence Henthorn, Edwin P. Henthorn, Clara Ferdinand Henthorn, and Fred E. Bayless, Trustees of the Estate of Sarah H. Greene, assignees, complainants, and Jesse A. Calhoun, et al., defendants, the undersigned, as Commissioner of said Court, will offer for sale at public vendue to the highest bidder, at the front door or entrance of the Post Office in the City of Hope, Hempstead County, Arkansas, within the hours prescribed by law for judicial sales, on Saturday the 22nd day of May, A. D. 1937, the following described real estate, to-wit:

All that part of the Northwest Quarter of the Northwest Quarter of Section Nine, Township Twelve South, Range Twenty-five West, lying East of the Washington and Guernsey Public Road, and containing 20 acres, more or less, and the North three-fourths of the Southeast Quarter of the Northwest Quarter of Section Nine, Township Twelve South, Range Twenty-five West, containing 30 acres, more or less, and more particularly described as follows, to-wit: Begin at the Northwest corner of said 40 acres, and run thence due East 440 yards to the Northeast corner thereof, run thence due South 330 yards, run thence due West 440 yards, run thence due North 330 yards to point of beginning, all situated in Hempstead County, Arkansas.

TERMS OF SALE: On a credit of three months, the purchaser being required to execute a bond as required by law and the order and decree of said Court in said cause, with approved security, bearing interest at the rate of ten per cent per annum from date of sale until paid, and a 1/2% being retained on the premises so as to secure the payment of the purchase money.

Given under my hand this 19th day of April, A. D. 1937. **ALPH BAILEY**, Commissioner in Chancery. April 20, 27, May 4

THE SPORTS PAGE

Phils Whip Bees; A's Beat Senators

National and American Leagues Begin With Two Games

BOSTON.—(AP)—Although generally considered to last place in the National League, the Phillies cleaned up a holiday-opening bill Monday by defeating the Bees 2 to 1 in the forenoon contest and administering a 1-to-0 shut-out in the afternoon. A crowd of 10,000 turned out for the morning game and 25,000 saw the second.

An eleventh inning home run by Morris Aronovich decided the morning hurling duel between the veterans Guy Bush of the Bees, and Sylvester Johnson, Phil's right hander. Johnson held the Bees to four hits while the visitors not eight off Bush. Johnson was replaced by Wayne LeMaster in the ninth inning, after the Bees put two men on bases with one out. LeMaster pitched hitless ball until Aronovich's homer.

Bucky Walters celebrated his 27th birthday in the afternoon by turning in a four-hit pitching performance at the expense of Danny MacFayden to shutout the Bees 1 to 0. Only in one inning, the fourth, were the Bees able to advance a runner beyond first base. Eddie Mayo and Vince DiMaggio opened the inning with singles but Frank McGowan hit into the first of three double plays made by the visitors. Tony Ciccarello ended the inning by striking out.

Washington Is Beaten

WASHINGTON.—(AP)—Connie Mack of Philadelphia uncovered a freshman battery Monday which combined to defeat the Washington Senators, 4 to 3, in a 10-inning game which started the American League baseball season.

Even the presence of President Roosevelt, who had never seen Washington lose since he entered the White House, failed to offset the picking of Almon Williams, and a timely hit by Catcher Earl Brucker, a 30-year-old newcomer to the Athletics.

A capacity crowd of approximately 32,000 fans saw Joe Ciccarella of the Senators engage Williams, 23-year-old right hander from Atlanta, in a tight pitchers' battle. Brucker decided the game in the tenth when he hit a double deep into center field to score Johnson with the winning run. Johnson had walked.

Mr. Roosevelt drew a big cheer from the fans when he drove into the park just before game time. After Vice President Garner had raised a flag in centerfield, the president greeted the rival managers, Mack and Harris, and performed his annual chore of pitching the first ball. His toss was a high job but Buddy Lewis, Washington's young third baseman, grabbed after a mad scramble with players of both teams.

Builds Platform to Survey His Grid Team

EAST LANSING, Mich.—(AP)—A turnout of 124 gridgers for spring training at Michigan State college engaged Coach Charley Bachman to build a "crow's nest" from which he may survey the players. The device is a portable, built platform eight feet square 12 feet above ground, and later will be used for taking movies of formations.

"... BUY ME SOME PEANUTS AND CRACKERJACK ..."

Derby Visitors to Spend \$1,500,000

Louisville Gets Ready for the Kentucky Derby on May 8

By ALEX McNEILL
LOUISVILLE.—(AP)—While turf fans crowd downtown bars late on the afternoon of May 8 toasting the 1937 winner of the Kentucky Derby, Louisville merchants will be sitting in their back rooms counting the estimated \$1,500,000 of "fresh money" left by some 50,000 visitors.

Right now, with only a comparative few of the possible Derby starters quartered at Churchill Downs, the city is all hustle and bustle as hundreds of workmen remove the last traces of the January flood.

The rumble of downtown traffic is shattered by the clatter of pneumatic drills as the city hastens to repair flood-torn streets that have been blocked for weeks to local traffic.

Torn sidewalks are being repaired and paint streaked by the oil-covered flood waters is being covered with new and brighter colors.

Store fronts are being reconducted as Louisville prepares to present its brightest and happiest face to the thrill-seeking visitor.

Wash Grandstand
Out at Churchill Downs workmen are washing the mud from clubhouse and grandstand chairs. New parietal windows are being built and bricks washed loose from the walkways replaced. Gardeners carefully nurture plants and grass covered by the muddy Ohio river waters.

Derby week is Louisville's annual revelry, and this year the city hopes to wipe out all traces of the January flood during the seven days of fun making.

M. Lawrence Aronson, chairman of the Derby festival committee, who estimates the visitors will leave behind nearly a million and a half dollars, is arranging a program of entertainment for the strangers.

Aronson also has charge of the housing problems of the thousands who are unable to secure hotel accommodations.

You Can Rent A House
The Derby visitor can get from Aronson anything from a 12-room house complete to cocktail shakers to a \$1 room. Last year the festival committee cared for some 5,000 persons and this year has rooming facilities available for 20,000.

The festival committee's activities start the Wednesday night before the Derby with a parade and pageant to be followed by street dancing downtown.

Thursday night the committee will sponsor a professional tennis match between Fred Perry and Ellsworth Vines.

Friday night they will hold the annual Derby Eve ball.

Derby Eve is also the time when all the thousands of Kentucky colonels gather for their reunion. The list is the same as last year as Governor A. B. Chandler has not appointed any new ones since taking office.

An all-star wrestling program is also set for Derby Eve.

The pageant this year will depict Kentucky sports. However, one series of floats will pay tribute to the relief agencies which rushed to the stricken city's aid during the flood.

BENCHED BY SINUS

Jimmy Fox, slugger first baseman of the Boston Red Sox, laid low by a sinus attack, was forced out of action and had to undergo treatment at the Jewish Hospital in Philadelphia, where he is shown answering the phone which was flooded with calls from anxious friends and fans.

Cat Gets the Chicago Cubs' Tongues as Grimm's Talk Gets Their Goats

CHICAGO.—(NEA)—A bunch of the Chicago Cub veterans have gone on a "shut-up" strike against Manager Charley Grimm.
It seems that Goodtime Charley decided he had stood quite enough and the other day he laid the law down to the boys in a fearful blast of clubhouse oratory. He called them this and that and the other thing. They were so burned up that they started snubbing him.
"But what do I care?" says Charley. "They can keep mum all year as long as they play the kind of ball I want."

RIGHT FROM THE FEED BOX

College Boxers Not Interested as Pros

Rolly Shumway Only Prospect From 1937 College Campus

By PAP
Associated Press Writer
Professional boxing, always on the lookout for a prospect with an educated mind as well as an educated left, will find slim pickings in this year's crop of national intercollegiate champions and runners-up.

With one exception the boys who banged away at each other at Alma Mater in the 1937 N.C.A.A. tournament at Sacramento, Calif., have no desire to display their leather talent in the "punch for pay" field.

Of eight champions crowned only Rolly Shumway, the University of Idaho's crack 145-pounder, evinced interest in the idea of entering professional ranks.

They're Working Boys
Shumway, 19 years old and a sophomore, is working his way through school as a waiter in a fraternity house, meanwhile picking up extra change as a gymnasium instructor. In 58 fights he has scored 39 knockouts.

As a 16-year-old he knocked out Fred Aschelt, now a standard contender for the world middleweight title.

Shumway is majoring in game conservation, hopes to finish college but admits he may take a whirl at the pro side of the sport at any time. His home is in Redmond, Ore.

Few of this year's topflight collegiate mittmen were born with silver spoons in their mouths. Most are plugging at odd jobs to put themselves through school. The scholarly Gene Tunney type greatly outnumbered those of the slambroek Jack Dempsey species.

Diplomats Not Much Help
College-trained boxers have yet to make any great impression in pro ranks. A few of the rah-rah lads have done fairly well. Fellows like Steve Hannas and Bob Putson managed to get into the first 10 of the heavy-weight ranks but they never really threatened to take over the heavy crown.

Hannas found himself in a fair position to challenge Max Baer when the Charging Clown held the title but Steve lost out when he traveled to Germany and suffered a terrific beating at the hands of Max Schmeling.

Factor jumped into the big-money class by staying 10 rounds with Joe Louis although he showed little more than fast footwork in going the limit against an unimpressive Brown Bomber. Pastor may yet be heard from.

Babe Herman Bought by Detroit Tigers

DETROIT.—(AP)—Detroit Tiger followers were treated to two bits of good news Monday, on the eve of the season opener.

Physicians at Henry Ford hospital reported that Lynwood (Schoolboy) Rowe was suffering from nothing more serious than a head cold, and the Tiger manager announced the acquisition of Floyd (Babe) Herman, hard-hitting outfielder from the Cincinnati Reds.

Rowe has been out of action for a week with a pain in the back. In his last appearance during the exhibition season he left the game in the fourth inning. Manager Mickey Cochrane sent him to the hospital when the team reached Detroit Monday.

SOUTH BEND.—The two seniors on Notre Dame's basketball squad this past season, John DeMols and Don Allen, scored only nine of the team's 871 points.

Sharpe Gets Call to Face Barons

Slender Righthander to Pitch First Home Game Tuesday

LITTLE ROCK.—With a crowd exceeding 7,000 expected, the Little Rock Travelers will open the 1937 Southern Association season here against the Birmingham Barons at Travelers Field at 7 Tuesday afternoon.

The Travelers and Barons are tied in the standings along with Nashville and Knoxville with one victory and two defeats. Little Rock lost the opening series to the Pelicans at New Orleans and Birmingham managed to win only one out of three from the Memphis Chickies at Birmingham.

Dr. James Thompson Frothing, Traveler manager, announced he would start Kola Sharpe, dependable and slender righthander. Reports from Birmingham said that Manager J. Riggs Stephenson planned to open with left-handed Roy Merrill Joiner.

Sharpe, the oldest Traveler from a point of service, won 18 games for a fifth-place Little Rock club last season. Kola showed his usual steady form when he held the Toledo Mud Hens to a single hit in four innings in an exhibition last week. It was his only appearance in an exhibition game.

"I'm all set to go," said Sharpe after arriving from New Orleans Monday. "I was about 10 pounds underweight when I first reported here but gradually have worked myself into condition. I took advantage of the fine weather at New Orleans by doubling my work in the pre-game practice drills."

Birmingham's Joiner ranked as one of the best left-handers in the league last season. The impressive southpaw won 17 and lost eight. His pitching was partially responsible for Birmingham's finishing third and winning the Shaugnessy play-off.

Prothro said Sammy Libertio, a right-hand hitter, would open in right field if the Barons open with Joiner or another left-hander. Art Garham gets the nod in right if Manager Stephenson should undergo a change of mind and start a right-hander.

Sore Arm Keeps Paul Dean in St. Louis

ST. LOUIS.—(AP)—Paul Dean was not among the Cardinal baseball players who boarded a train Monday night for Cincinnati where they open the season Tuesday.

General Manager Branch Rickey said late in the day young Dean had suffered additional trouble with his pitching arm and would remain in St. Louis.

"There wasn't any extra pain in the arm," Paul said, "but I could not bear down as I did against the Browns Saturday. The Browns hit me pretty hard, but even so the arm felt loose."

"I'll not retire unless I have to. I still believe the arm will come around all right."

5 Irish Captains to Oppose 1937 Varsity

SOUTH BEND, Ind.—(AP)—Five former Notre Dame grid captains will play in one all-star game—against the 1937 varsity, May 2.

The game has been scheduled in honor of the late Johnny O'Brien, Irish end coach when he was killed in an automobile crash March 12.

Captains to accept invitations to play are Tom Conley, 1930, right end; John Law, 1929, right guard; Fred Miller, 1928, tackle; Paul Host, 1932, left end; John Lauter, 1936, left guard.

Many members of the 1928, 1929, and 1930 eleven, with which O'Brien won monograms, also will appear in the all-star lineup.

Another Fighter Plans to Open a Chop House

NEW YORK.—It was bound to happen... After collecting Lightweight Champion Lou Ambers in a non-title bout the other night, Pedro Montanez followed the lead of Dempsey, Carzoneri, Walker, et al., and announced that he was going to invest in a Harlem cafe.

Like Father...

Hugh Bedient, right-handed pitcher for the University of Alabama baseball team, is a chip off the old block. Hugh is the son of H. C. Bedient, former Boston Red Sox hurler who defeated Christy Mathewson twice in the 1912 world series.

New Orleans Club Sold for \$155,000

Syndicate of New Orleans Business Men Purchase Team

NEW ORLEANS.—(AP)—The New Orleans baseball club of the Southern Association Monday passed into the hands of Mayor Robert S. Maestri of New Orleans, Governor Richard W. Leche and a syndicate of local business men for the sum of \$155,000.

The sale price was much smaller than that asked several years ago by the late Charles Somers, former owner of the Cleveland club of the American League and majority stock holder in the New Orleans Pelicans after the death of A. J. Heinemann, president of the Pels.

At that time Somers was offered \$500,000 by B. S. D'Arnone, New Orleans sportsman and interested business man, but he asked \$750,000 and until Monday all other attempts to purchase the club have failed.

The negotiations were brought to a head by a severance of relations between Alva Bradley, of the Cleveland Indians and F. E. Baehr, president of the Pels club and executor of the Somers estate, under which Baehr said he was no longer interested in providing spring training grounds for Cleveland to any other major league club.

Monday Seymour Weiss, head of the Roosevelt hotel where the Cleveland team stops, stepped in and negotiated the purchase with the object of retaining the Cleveland spring training camp here after the mayor and the governor had rounded up a crowd of more than 20,000 fans for opening day game in New Orleans.

They announced that they would retain Larry Gilbert as manager of the team, there would be no immediate changes in the club officials and they would build a new grand stand.

"Unhappy" Campbell Is Keeping Fingers Crossed

UNIVERSITY, Ala.—(AP)—Happy Campbell, University of Alabama baseball coach, is keeping his fingers crossed these days.

His regular catcher of last season, Perron Shoemaker, was declared ineligible.

Jim Taber, promising soph infielder, signed to play professional ball with the Little Rock Travelers.

Hugh Kirkland, up from the freshmen is troubled with injuries. And, lastly, Pitcher Buddy Teague, undefeated last season, was lost to the team after receiving a knee injury in the Northwestern game.

Grandpa Still Catching
BUFFALO—Bucky Crouse, catcher for the Buffalo International League team, just became a grandfather.

Extension Work Told to Kiwanis

Misses Melva Bullington and Polly Rouse Are Club Speakers

Miss Melva Bullington, Hempstead county home demonstration agent, and her assistant, Miss Polly Rouse, were guest speakers before the Hope Kiwanis club at its luncheon meeting Tuesday noon at New Capital hotel.

Miss Bullington outlined the work of a home demonstration agent, first explaining that the agricultural extension service is sponsored by the United States Department of Agriculture. Her speech in substance:

"Under the Smith-Lever act of May, 1914, it was made possible for the government to make appropriations to states for agricultural and home economics work providing the government funds would approximately be off set by state and county funds.

"The appropriation is made to land-grant colleges through the United States. In Arkansas the appropriation is made to the College of Agriculture, University of Arkansas.

"The home demonstration phase of the program strives to contribute to the enrichment of homes, of family life within the home, and of the activities that grow out of family life. These considerations involve problems of the family and its relationships, economics of the home, its equipment and management, food and nutrition, tex-

tiles and clothing, all in their economic, sociological and practical aspects and implications.

"These objectives are to be achieved through:

"Co-operation with federal, state and county organizations, both emergency and long-time ones.

"Demonstrations.

"Studies and lectures.

"Discussions in both club groups and by personal visits and conferences.

"Bulletins put out by United States Department of Agriculture and our own state department," Miss Bullington declared.

Miss Rouse, assistant county agent, spoke briefly on better homes. The two agents were introduced by Kiwanian John Wade.

The club voted a donation to the Boys band, which will be used to help pay expenses of band members to Little Rock Friday to attend the state band contest.

The weekly prize was won by Miss Polly Rouse. It was presented to her by E. P. Tolleson.

Motorcycle Kills One, Injures Two

Woman Dies and Two Men Are Seriously Hurt in DeWitt Crash

DE WITT, Ark.—(P)—Miss Jo Alla Price, 30, DeWitt, was killed early Tuesday and James Theriac, 24, and Harry Jones, 30, were seriously injured when a motorcycle they were riding crashed into a ditch six miles north of here at Chambers Corner.

A man was fumbling at his keyhole in the small hours of the morning. A policeman saw the difficulty and came to the rescue.

"Can I help you find the keyhole, sir?" he asked.

"Thash all right, old man," said the other, cheerily, "you just hol' the housh still and I can manage."—Fifth Corps Area News.

Factory employment in the United States during the last year was 40 per cent higher than in 1932 and weekly factory payrolls were 80 per cent greater, according to the United States department of labor.

Malady Turning Man's Skin Black

His darkened face plainly showing in the above photograph, William L. Morrison, 49, of Riverside, Calif., is suffering from melanosis, a rare disease which has turned his skin from white almost to black in three months. Fifty specialists examined Morrison, said he had "one chance in a million" to recover. With him, above, is his sister, Mrs. Lida Alsop

Rebels Rain Shells Again on Madrid

Many Killed and Downtown Buildings Smashed, Say Federalists

MADRID, Spain.—(P)—Insurgent guns poured shell after shell into downtown Madrid Tuesday in what government officers believed was "an earnest effort to create havoc in the city regardless of losses of property and life."

The bombardment too "many victims," officials said, and caused extensive damage to buildings along the capital's principal thoroughfare.

Federalists Defy Patrol

VALENCIA, Spain.—(P)—The Spanish government Monday night defied the coast patrol of the European "hands-off-Spain" Committee. The ministry of Marine and Air ordered the government fleet and air force to protect all ships flying the Spanish flag and those of other countries asking protection in Spanish waters.

Such protection, it announced, particularly would be applied to ports on the Mediterranean coast where German and Italian ships were assigned for patrol. (Roughly, warships of Germany and Italy were assigned to the government-held coasts of Spain.)

"If such protection requires sacrifice, it will be made without hesitation," the ministry announced.

Charging that the international patrol was "unjust and contrary to international law, the ministry declared it virtually was a blockade of Spanish ports.

Germany, Italy Scored

It enumerated the nations adhering to the nonintervention pact and reminded the government fleet and air force that the international scheme did not affect ships of countries outside the pact nor Spanish ships. The orders warned the government forces to distinguish between the nationality of the ships taking part in the patrol, saying all could not be placed in the same category. (Italian, German, British and French vessels form the patrol force.)

J. Byron Evans Is New 'M' Manager

Succeeds S. W. Copeland as Latter Joins Arkansas State Rangers

J. Byron Evans has succeeded S. W. Copeland as manager of the "M" System store here. It was announced Tuesday.

Mr. Evans has been with the "M" System organization seven years. He started out with the Hope store, was transferred to Prescott and then back to Hope.

Mr. Copeland, manager of the local store the past several years, resigned last week to join the State Ranger force.

Snakes Dumb, But Not So Dangerous

Much Fanciful Information About Them Is Quiet Erroneous

LINCOLN, Neb.—(P)—Snakes are dumbbells, in the opinion of Dr. George E. Hudson of the University of Nebraska zoology department, but many of them are man's best friends.

He made that clear in a call issued to Nebrascans to get out and hunt snakes in the name of science. He plans to compile a comprehensive report of all reptiles and amphibians in the state.

Dr. Hudson punctured many popular beliefs about snakes.

"Will a snake's tail move until sundown?" His answer is emphatically "No."

Can a snake be trained? No, they have too small a brain and couldn't distinguish their keeper from a stranger.

How about the hypnotic powers of a snake's eyes? Highly imaginative, says the doctor.

Can certain Hindus charm deadly cobras by playing musical pipes? Of course not, a snake's sense of hearing is so faulty it really can't hear the music.

"To often," Dr. Hudson said, "because people are afraid of snakes they allow their imaginations to run riot."

"Do you believe in clubs for women?" asked the reporter of the local newspaper, interviewing the visiting celebrity.

"Yes," he replied judiciously, "if kindness fails."—Sante Fe.

Don't Miss

Afraid to Love

The strange story of a woman who ran away from love and found it; and of another who sought love, only to lose it. Beginning as a serial in this paper

Thursday, April 22

You Bet Your Life!

So you never gamble? Do you ever cross the street in the middle of the block to save a minute or two? If so, you gamble the millions of minutes remaining in your normal life span against that inconsequential minute or two.

Do you ever take an occasional chance while driving your car? Ever pass another car on a curve or a hill? Ever exceed the speed limit? Ever pass a standing street car?

Ever fail to signal before turning? If you do take such chances, you are eleven times as likely to be killed or injured in a traffic accident this year as the holder of a sweepstakes ticket is to win even a small prize.

When you gamble in lotteries your stake is a few dollars at most, but when you gamble in traffic you bet your life.
